

Have forms?

Here's everything you need to know about our new policy

Complete Parent Sections

Please have the form ready for us.

Parents should complete all of the demographic and patient history information and sign and date wherever applicable.

Forms cannot be completed if the information is incomplete or the child has not had the necessary checkup or tests required.

When they are ready for us, forms can be sent in the mail, by fax, emailed to records@growpediatrics.com, or dropped off in our office.

Pay the Fee (if required)

We have an administrative fee for forms now.

Forms are still **free of charge at the time of your child's appointment**.

We will charge a **\$10 fee** for all forms to be completed **outside an appointment**. There is a 1 week turnaround.

We will charge an **expedited forms fee of \$25** for forms to be completed outside an appointment if needed in less than 1 week.

To submit payment, please call our office at **512-467-7334**. Your form may not be completed until payment is received.

Choose Delivery Method

You may receive your form in one of 4 ways.

1. By **secure email** – please provide your private email address
2. By **snail mail** – please provide a self-addressed, stamped envelope
3. By **fax** – please provide your private fax number
4. **In person** – drop by to pick up your form (we'll call you when it's ready!)

To have forms sent to another entity (school, camp, daycare, etc.) please fill out a School/Daycare Release Form. Please email the form to records@growpediatrics.com
